## TECHNICAL SKILLS

- HTML
- CSS
- Tailwind
- Java Script
- React JS
- Git, Git Hub
- Restfull API
- SQL (Postgree SQL)
- NoSQL (Mongo)

## ADDITIONAL SKILLS & STRENGTHS

My diverse experience in academia and industry has equipped me with transferable skills that are highly relevant to web development.

- *Teamwork & Collaboration:* Skilled at working with diverse teams fostering clear communication and cooperation.
- *Problem-solving:* Resilient in tackling challenges, from engineering issues to debugging web applications.
- *Self-organization & Time Management:* Proven ability to manage multiple tasks and meet deadlines, ensuring efficient project delivery.
- *Adaptability & Continuous Learning:* Transitioned to web development and continuously improve my skills to stay ahead of industry trends.

## Languages

- **English:** Advanced proficiency, comfortable with both written and spoken communication.
- **German:** Intermediate level, proficient in reading, understanding, and basic conversation.
- **Romanian:** Native speaker, fluent in both written and spoken.

## Interests and Hobbies

- *Avid reader:* Inspired by imaginative worlds in literature, applying innovative thinking to daily tasks.
- *Fascination for history, the universe and neuroscience:* Providing valuable perspectives for problem-solving.
- *Engaged in jewelry creation:* Emphasizing attention to detail, precision, and design thinking.

## EXPERIENCE

### **2024: graduated Web Development Bootcamp**

- Designed and implemented multiple full-stack applications using React.js, Node.js, MongoDB, and other technologies, working in Agile, project-based teams.
- Final Project: Played a key role in building "Scan & Serve," a restaurant management app including features such as user-friendly menu management, virtual table setup with QR codes and real-time order tracking using Socket.IO. Strengthened collaboration and problem-solving skills by rotating team compositions weekly for various projects.

### **2016 - Present**

- Relocated to Germany and focused on personal matters, including learning German and cultural integration.
- Enhanced skills during the pandemic with professional development initiatives and a short period of employment.
- Continued learning after the bootcamp through online courses in JavaScript and React and built personal projects to solidify and expand technical expertise.

### **September 2004 – April 2016: Secretary at Technical University "Gheorghe Asachi" Iasi, Romania**

- Coordinated foreign student affairs, managing admission processes and diploma recognition.
- Designed and monitored teaching quality management systems across 12 faculties.
- Organized four international conferences on higher education quality and technological change management.
- Contributed to four research projects, demonstrating adaptability in exploratory research and simulations.

### **July 2002 – August 2004: Engineer at S.C. Adesgo S.A., Bucharest, Romania**

- Overseeing the zero series introduction, testing the design, functionality and feasibility of the prototypes, ensuring that the product meets the desired standards and specifications before full-scale production begins.
- Monitoring and managing various aspects of production to achieve consistent quality and accurate dimensions in the finished products.

## EDUCATION BACKGROUND

### **October 2023 – February 2024: Full Stack Web and App Development course**

**WBS CODING SCHOOL, Berlin**

### **September 2002 – July 2003: Master's Degree**

**Technical University "Gheorghe Asachi" Iasi, Romania**

*Specialization: Computer-aided Design and Manufacturing*

### **September 1997 – July 2002: Bachelor's Degree**

**Technical University "Gheorghe Asachi" Iasi, Romania**

*Specialization: Garments-Knitwear*
